

The Boeing Company is offering high school and community & technical college students a new, skilled-trade development program in facilities maintenance.

Areas of Study

Internships are open to students enrolled in facilities maintenance courses in the following areas of study:

HVAC	Mechatronics
Electrical/Electrician	Building and Plant Maintenance
Electronics	Plumbing
Mechanic Technician	

Interns will receive training and experience by job-shadowing skilled Boeing facilities maintenance professionals.

Qualifications

- **Be 18** and have a high school diploma by program start date
- **Be a U.S. person**, U.S. citizen or otherwise legally authorized to work in the United States
- **Currently enrolled** in a facilities maintenance course
- **Available to work the duration** of the internship session
- **Able to provide your own transportation** to assigned work location
- **Pass a drug screening test**
- **Pass a background check**

Information

- **Internships are paid positions** through an approved Boeing contract labor supplier. Rate of pay is \$11.50 per hour.
- **Full-time employment**, Monday – Friday, 1st shift 6:00 am – 2:00 pm.
- **2017 session: June 19 – September 17**
- Interns are assigned to one of the following Boeing sites: Auburn, Puyallup, Renton, Kent, Bellevue, Tukwila, Seattle or Everett.
- Attempt will be made to place successful candidates at a site closest to their home address.
- All interns will be required to donate \$28 to “Guide Dogs of America” during their internship.

How to Apply

Apply by emailing your résumé, including current contact information, to:

- John Davis (john.c.davis4@boeing.com) or
- Brian Cochran (brian.e.cochran@boeing.com)

Deadline for résumé submission for 2017 session is March 1, 2017.

Those selected for interviews will be contacted by March 31, 2017 to participate in a structured interview by a panel of Boeing representatives. Successful candidates will receive an offer from an approved Boeing contract labor supplier. Unsuccessful candidates will be notified by April 1, 2017.
